CALL TO ORDER

Robert Viator called the meeting to order at 5:30 p.m., with a quorum present.

INVOCATION AND PLEDGE OF ALLEGIANCE

Tim Beard offered the invocation and led the pledges of Allegiance.

PUBLIC HEARING

- 1. Orange County Water Control and Improvement District No. 1 held a public hearing regarding the 2011 Tax Rate.**

Barbara Haley asked why we needed to raise the taxes. Larry Hunter explained about the wastewater treatment plant being built and the structure of the tax base.

Kenneth Young addressed the Board. First, he asked if the Board was elected. He presented comparisons of his taxes from 2010 to 2011. Mr. Young stated that he thought our fees were outrageous and he did a comparison with Bridge City, which is where he lived prior to Hurricane Ike, and that they have two fees for taps, one for a water connection and one for sewer connections and we have a whole page of fees. He stated that he was going to pay his taxes with pennies and that he has 50 five gallon buckets for anyone else that wants to do the same. He also stated that he was meeting with several Representatives, Judges, and lawyers and would find out if it was legal for the District to charge the taxes and the revenue note fee.

Jerry Roberts, a mobile home park owner, commented on the multi-unit charges for the rates and the revenue note payments being charged per unit. He stated that he would appreciate a little consideration in the matter.

Public Hearing adjourned at 5:55 p.m.

REGULAR MEETING

Regular monthly meeting called to order at 5:55 p.m.

1. LaDonna Michelle Harris appeared before the Board concerning her bill. She stated she could not understand why her bill would be high around July every year; she does not have a leak, does not have a lot of flowers to water, and lives alone. The Board tried to explain that we could not tell her why her bill went up that way that they are not at her house to know how the water is used. Mr. Viator told her we could change the meter out and have the removed meter calibrated, and would let her know the results. She agreed to this option.
2. Deborah Galaviz did not appear.
3. L. Jean Davidson, 2650 Roosevelt, appeared questioning being assessed property taxes without water/sewer service. The Board stated that if they wanted water service, we would run a water line. Ms. Davidson stated that they were forced to get up to code by the Health Department and the City of Vidor, so they have upgraded their systems to be in compliance. Mr. Viator told her there was nothing the District could do about the taxes, that if they are in the District, they have to pay taxes.
4. Citizens Comments – Donald Holmes, 715 Concord, wanted to know what we based the Out of District rates on and how the

District can charge that rate. He wanted to know why the rate was double In District charges. The Board and Larry Hunter explained that he could petition his property into the District and his rates would go down but he would pay taxes then. He thought it was unfair that the Out of District customers did not get a vote on any issues. Mr. Holmes stated that the rates were unfair.
